
EXPERTISE:

— over 8 years experience as

designer, conceptual thinker, digital artist (art) director *mostly motion.*

— over 5 years experience focused on the development of strong strategic and

creative **concepts** as **fullservice motion design production** **Nindustriect.**

— working in the fields of:

motion & design | film & animation | 2D & 3D | typography | art & emerging technologies | usability | UI / UX | information architecture | advertising & corporate culture | CGI and media scenography | tv, shows & events | beauty and aesthetics | visualmusic & mediainstallations | style vs. experiment | mockups & keyvisuals | innovative thinking and visions | games & interaction | colour & communication | fun & future | structure & playground.

— my person:

passionated, multipurpose creative | researcher | keen perception | businessorientation | unique visual language | highly motivated | hands-on & straight forward | strong communicator and social hub | open minded | experimental approach on new things | curious about the world's secrets and black holes | ready for action | teamplayer (- not with everyone).
